### **Beginner English**

Welcome to the English Language! Learn the English alphabet and letter sounds, numbers, U.S. currency, calendar skills, everyday English vocabulary, and how to ask and answer questions.

\*No English needed\*

### **More English!**

Expand and build your English Language skills, practice conversation, read and write about topics of interest.

\*Some English language skills needed\*

### **Family Literacy**

Bring your children! We will keep them busy while you are in English class. We will help you with your English skills so you can take care of your family and be the best first teacher for your children. American parenting customs and culture are a part of every class.

\*All ability levels\*

### **Citizenship Workshop**

Each 2-session workshop is offered four times a year.

First session: introduction to application, understand the naturalization process from beginning to end, and how to use the U.S. citizenship website.

Second session: how to study using the free test preparation book we provide each participant.

### **Let's Talk!**

Join a small group of other English language learners to practice conversation skills in English. The group leader will start the conversation and guide the group.

\*All ability levels\*

### **Drop-In Help**

Have questions? We will help you understand mail, bills, medication directions, and communication from teachers and doctors. Bring in your homework or study guides for citizenship, GED/HSED, or written driver's license exam. Just drop in when you need help.

### **Road to Work Job Club**

For high beginner and intermediate level ELL learners. Join us for group activities covering three main skill sets rotated throughout the year: *Choosing a Job Path, Applying and Interviewing, and Succeeding on the Job*. Learn about American work culture, how to create a resume and get a job, and how to retain a job.

### **Basic Computer Skills Class**

Some English skills required. This 12-week course is designed for beginners and anyone wanting to improve computer skills. The basics of computer use, Internet, email, and Microsoft Office are taught. You will also learn how to use social media platforms such as Facebook and Instagram.
