**PART 1**

When Jill and Maggie's mom makes them go to the park and get out of the house...

Seriously?!

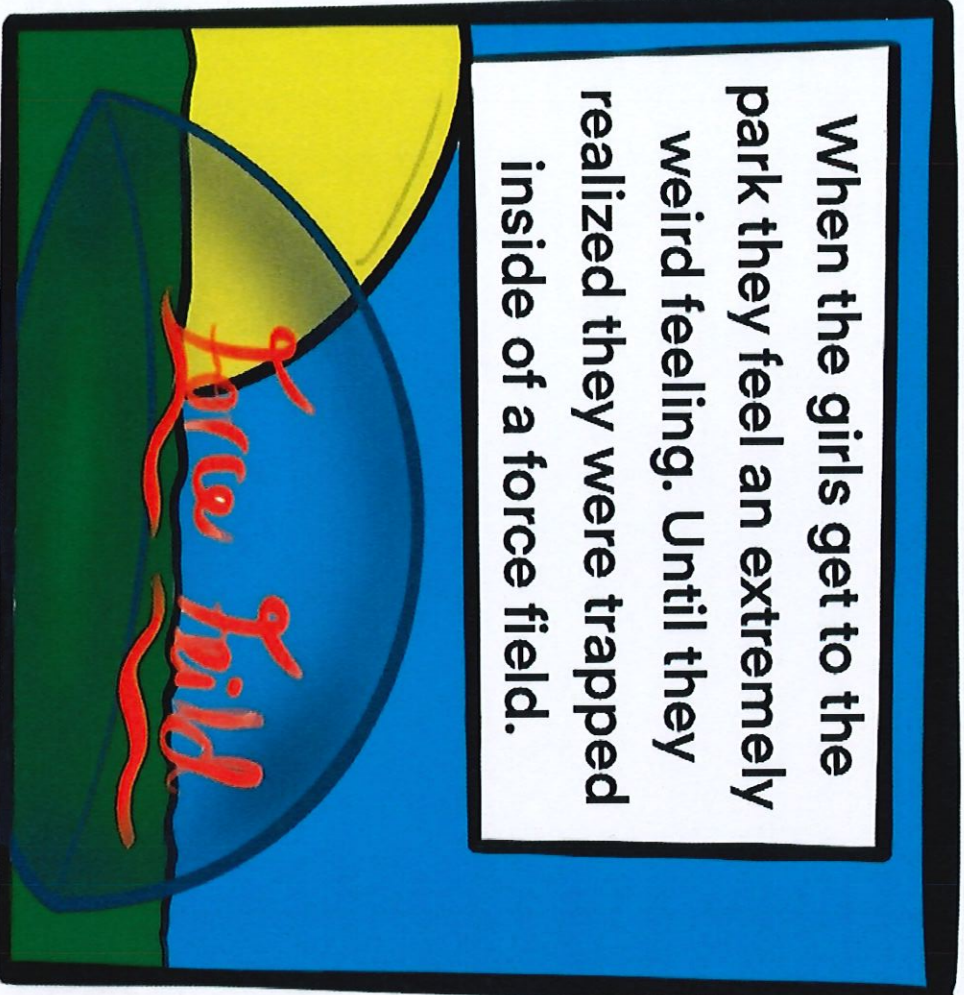

I'm sorry!

... Maggie spills the tea to her little sister that their mom quit her job because her fish died. Now she is just trying to get over herself.

When the girls get to the park they feel an extremely weird feeling. Until they realized they were trapped inside of a force field.

That's literally SO DUMB.

What are we going to do?!?!?

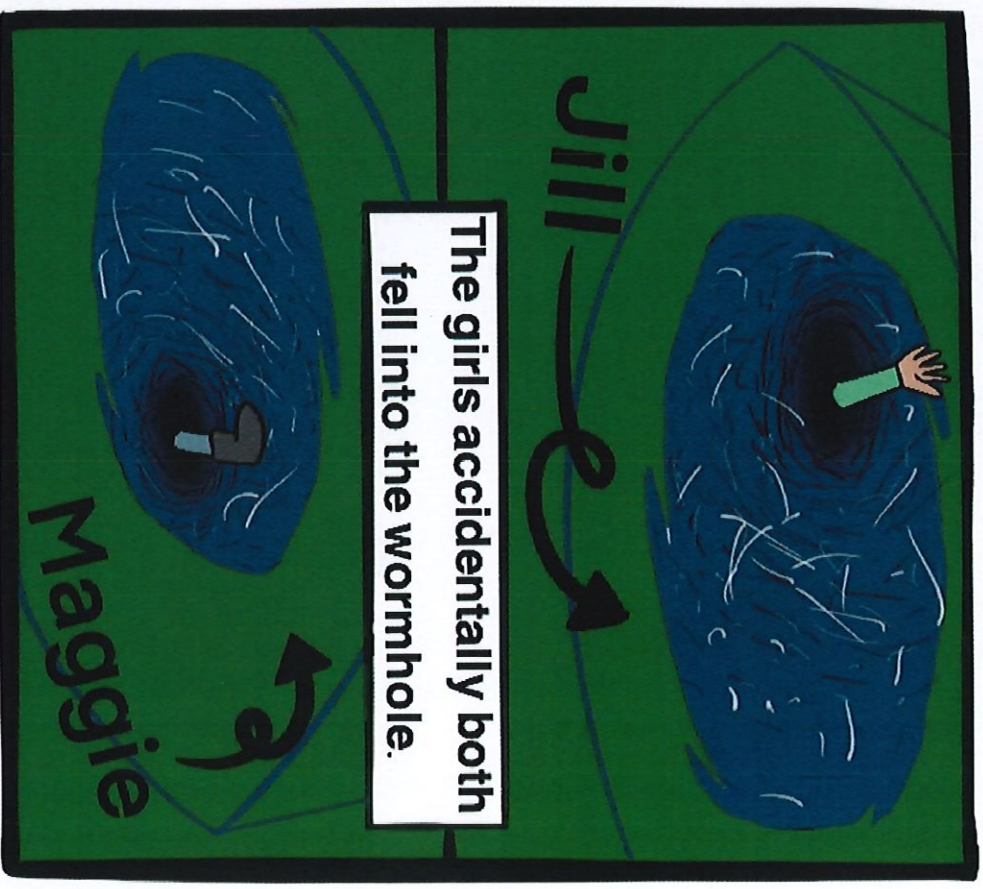

All of a sudden, when the girls thought nothing could become any worse...

... a wormhole started to appear!

The girls accidentally both fell into the wormhole.

When Jill and Maggie got back up to their feet they realized that they were in a jail cell somewhere.

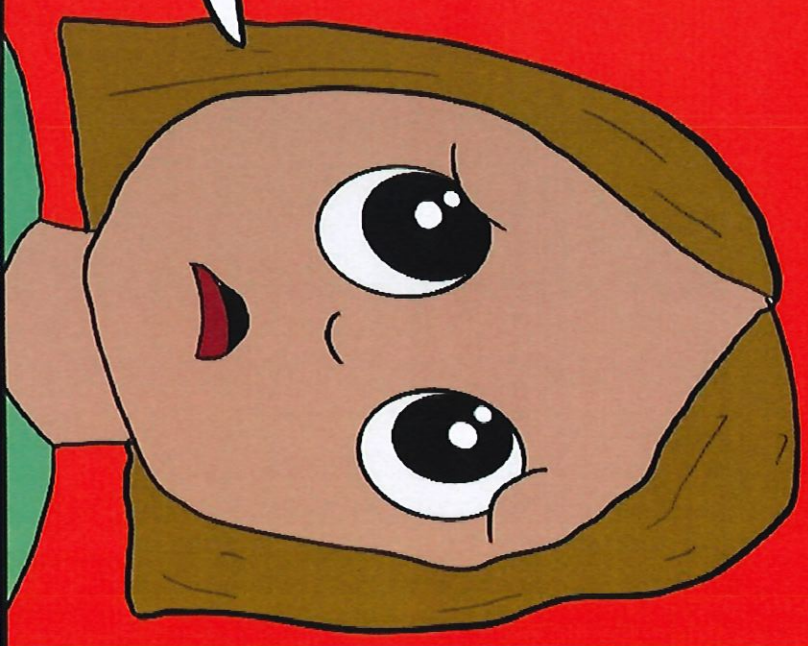

Then out of no where, their mom's dead fish appeared to them. She informed Maggie and Jill that they were in Fish Heaven and that she was now the queen. Their mom's fish had kidnapped them and locked them in her jail because Maggie and Jill were always mean to her. Now the girls would be locked up for

# ALL OF ETERNITY!!!

Once the fish Queen left, Jill  
**BEGGED** the Queen's  
servent to that the girls go.

Please???

The Queen's servent told Jill  
that only the Queen herself  
can let people in and out of  
the jail.

I'll try!

He said he would try his  
best to find a way for  
them to get back home.

Now Maggie  
and Jill **MIGHT**  
be stuck in  
Fish Heaven  
forever...

DUN!

DUN!

DA! DA! DA!
